ELUNA – Ex Libris Users of North America is an international not-for-profit advocacy and educational membership organization for libraries using Ex Libris products. Members include academic, public, government and corporate libraries, as well as consortia. ELUNA is a major voice and advocate for its members, representing over 1,300 institutions. ELUNA holds an annual conference and online learning events that offer sponsorship opportunities to those companies looking to connect with and market to a dedicated audience of decision makers.

ELUNA offers a robust series of online and in person learning events for libraries throughout the year. Our flagship in person event occurs in the spring. In 2023, we returned to our first in person event since 2019. Almost 800 library professionals attended the ELUNA Annual Meeting in person, and more than 400 additional people joined the online sessions. We expect to see attendance return to our pre-pandemic numbers as soon as the 2024 Annual Meeting. Our fall series of ELUNA learns sessions continues to attract a large number of attendees. We estimate 2,500 unique attendees across the series of events.
We will be “Building Bridges” with each other during the 20th Annual Meeting in the Hilton Minneapolis. In addition to enjoying all this vibrant city offers, there are many benefits in sponsoring this in-person event, including:

- Over 1,100 attendees expected
- Dedicated audience of IT professionals and decision makers
- Excellent opportunity to network with customers and prospects
